Potential Colleagues

Hello! We are posting three positions related to HRIPIE.

Tongji University is a comprehensive university located in Shanghai. Established in 1907 by the German government together with German physicians in Shanghai, Tongji is one of the oldest and most selective, most prestigious universities in China under "Project 985" and "Project 211".

Honz Pharmaceutical Co., Ltd. (Stock Code:300086) is a listed company aiming to promote children's health and fulfill unmet medical needs.

[1 Post-doc Position at Tongji University]

Honz Research Institute of Pharmacometrics and Industrial Engineering (HRIPIE) is a non-profit research institute based in Guangzhou, "Guangdong-Hong Kong-Macau" Greater Bay Area. The HRIPIE fellowship encourages young scientists to pursue original research without concern for immediate application. From fall 2021, a postdoctoral position at

Tongji University (Shanghai) in Prof. Qi Liu's lab is available under the fellowship.

HRIPIE Postdoctoral Fellowship at Tongji University (Shanghai)

- Applicants should have a strong mathematical background (e.g. Ph.D. in mathematics/physics/computer sciences etc.).
- The research base is in both Shanghai and Guangzhou.
- The research topic is mathematical medicine (e.g. pharmacometrics, non-invasive diagnostics).
- The fellowship starts in fall 2021 and supports applicants for up to three years.

How to Apply

Send an email titled "Tongji-HRIPIE Postdoc Application" to both qiliu@tongji.edu.cn and hongnf@honz.com.cn with:

- Any peer-reviewed publication (e.g. in journals or conferences) or any expository write-ups (e.g. lecture notes or popular science articles) that can best describe the applicant.
- Full or partial doctoral dissertation.
- A resume/CV is not required but encouraged.

Benefits

- The fellowship is pre-tax 700k-900k Chinese Yuan (about 100k-130k US Dollars) per year, which includes housing, meals, and milestone prize.
- For Chinese applicants, a Shanghai Hukou will be obtained. For non-Chinese applicants, a working visa in China will be sponsored.
- Priority to apply for a tenure-track position at Tongji University or work as a senior scientist at HRIPIE.

The application materials are strictly confidential. The admission is on a rolling basis, so the applicants are invited to submit application materials as soon as possible. You are welcome to contact us with any questions or concerns.

[1 Senior Scientist Position at Honz Pharmaceutical Co., Ltd.]

Honz Pharma is looking for senior scientists with any of the following specializations:

- Formulation development
- Pharmaceuticals
- New drug delivery system

This senior position requires a Ph.D. degree in pharmaceuticals or related subjects, with at least ten years of industrial experience. The compensation package will be comparable to, if not better than, the average level in North America. The workplace would be mainly in China but could be flexible up to the applicant.

How to Apply

Send an email titled "Senior Scientist Application" to both hongnf@honz.com.cn and lgu@honz.com.cn with:

- A professional resume/CV
- A presentation of recent projects (desensitized)

[1 Adagio Fellow Position at Honz Group]

Adagio, a subtle tempo in music, is neither too fast nor too slow. The adagio movement in symphony often brings maximum resonance to the audience.

As the forces of a market economy have become dominant, is it possible to maintain a distinct domain for pure intellectual pursuit? When a college has become a race for marketable skills, how could people see the value of humanities, arts, and social sciences?

When setting a price, you cannot see the value. When immobilizing a filter, you cannot see the talent. We believe in the value of "uselessness," just like adagio, subtly elegant.

The Honz Group launches an adagio fellowship, which encourages non-STEM students to explore their interests and tailor positions that may not have been in the company previously.

- The fellowship starts in fall 2021 and supports the applicant until the best-matched position is found.
- The compensation package includes a monthly subsidy, visa sponsorship, housing, meals, and local art attendance.
- The workplace is in Guangzhou, the center of "Guangdong-Hong Kong-Macau" Greater Bay Area, or in Haikou, the center of Hainan Island, the new free trade port from 2020.
- The Honz Group has business across many sectors, including pharmaceutical, cosmetics, reproductive medicine, tourism, real estate, etc...

How to Apply

Send an email titled "Adagio Fellow Application" to both hongnf@honz.com.cn and xiaowd@honz.com.cn

honz.com.cn with:

- A list of attended courses that can best describe the applicant
- A resume/CV is not required but encouraged.
